

Quinte Conservation is hiring!

Watershed Monitoring Technician

JOB HIGHLIGHTS

- Work at the QC head office in Belleville
- Hourly wage of \$16.50
- for a 35 hour week
- Work from May 7 to August 24, 2018

Do you want to be part of a team that works toward creating a sustainable ecosystem where people and nature live in harmony?
Are you passionate about the environment?

Come and join the QC Team this summer!

Application Deadline: February 2nd , 2018

What the Watershed Monitoring Technician does:

- Collect benthic macroinvertebrates in conjunction with the Ontario Benthos Biomonitoring Network
- Prepare for and complete monthly Provincial Water Quality Monitoring Network Sampling
- Assist with fisheries assessments using the Ontario Stream Assessment Protocol
- Perform data entry and summaries using Microsoft Excel and Microsoft Access
- Provide assistance to other watershed monitoring programs or other Quinte Conservation studies and projects as required

Do you have what it takes?

- Experience in conducting benthic macroinvertebrate surveys, stream flow measurements, and the ability to identify benthos in the field
- Experience identifying various fish species
- Awareness of water safety
- Excellent organizational skills to set priorities, monitor progress and react to changing circumstances
- Valid Ontario Driver's License and Pleasure Craft License

How To Apply:

Apply by email with cover letter and resume to HR Specialist Kathryn DiDonato, at kdidonato@quinteconservation.ca. Include "Summer Jobs" in the subject of your email and the job title in your cover letter.

Position dependent on funding.

We thank all applicants for their interest. However, only those selected for an interview will be contacted.

Should you require any accessibility accommodation, please indicate this on your application and we will work with you to meet your accessibility needs.
