

Laraby Rapids Dam

Dam Information and History

This dam is located approximately 1.2 km downstream of Beaver Lake outlet in Lot 12, Concession 7, Township of Stone Mills, in Lennox and Addington County.

The purpose of this dam is to maintain summer water levels in Beaver Lake for recreation and fisheries purposes. This dam was constructed in 1975.

Dam Safety

Always exercise caution when boating, hiking or fishing near dams.

Stay off the dam structures unless the area is clearly marked for public travel.

Be alert to changes in water levels.

Read and pay attention to warning signs near dams.
