

Thirteen Island Lake Dam

Dam Information and History

This dam is located at the outlet of Thirteen Island Lake into Hardwood Creek at lot 1, concession 14, in the Township of South Frontenac.

The dam was constructed in 1975 for the purpose of maintaining optimal summer recreational water levels on Thirteen Island Lake.

Dam Safety

Always exercise caution when boating, hiking or fishing near dams.

Stay off the dam structures unless the area is clearly marked for public travel.

Be alert to changes in water levels.

Read and pay attention to warning signs near dams.
